

VNET Announces the Closing of Its Offering of US\$430 Million Convertible Senior Notes due 2030

March 18, 2025

BEIJING, March 18, 2025 /PRNewswire/ -- VNET Group, Inc. (Nasdaq: VNET) ("VNET" or the "Company"), a leading carrier-neutral and cloud-neutral internet data center services provider in China, today announced the closing of its offering (the "Notes Offering") of US\$430 million in aggregate principal amount of 2.50% convertible senior notes due 2030 (the "Notes").

The Notes bear interest at a rate of 2.50% per annum, payable semi-annually in arrears on April 1 and October 1 of each year, beginning on October 1, 2025. The Notes are senior, unsecured obligations of the Company. The Notes will mature on April 1, 2030 unless earlier repurchased, redeemed or converted in accordance with the terms of the Notes prior to such date.

Holders of the Notes have the right to require the Company to repurchase all or part of their Notes in cash on April 3, 2028 or, subject to certain conditions, in the event of certain fundamental changes (as defined in the indenture of the Notes), at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus accrued and unpaid interest, if any, to, but excluding, the relevant repurchase date. In addition, on or after April 10, 2028, the Company may redeem all or part of the Notes for cash subject to certain conditions, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, to, but not including, the relevant optional redemption date. Furthermore, the Company may redeem all but not part of the Notes in the event of certain changes in the tax laws, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, to, but not including, the related redemption date.

Holders of the Notes may not convert the Notes at any time on or prior to the 40th day following the last date of the original issuance of the Notes (such date, the "Compliance Period End Date"). After the Compliance Period End Date and prior to the close of business on the business day immediately preceding October 1, 2029, the Notes will be convertible only if certain conditions are met. From and after October 1, 2029, holders of the Notes may convert their Notes at any time at their election until the close of business on the second scheduled trading day immediately preceding the maturity date. The Company will settle conversions by paying or delivering, as applicable, cash, the American Depositary Shares, each representing six Class A ordinary shares, with par value of US\$0.00001 per share, of the Company (the "ADSs") or a combination of cash and ADSs, at the Company's election, subject to certain restrictions.

The Notes will initially be convertible at a conversion rate of 72.7273 ADSs per US\$1,000 principal amount of Notes, which is equivalent to an initial conversion price of approximately US\$13.75 per ADS and represents a conversion premium of approximately 25.0% above the Nasdaq closing price of the Company's ADSs on March 12, 2025, which was US\$11.00 per ADS. The initial conversion rate is subject to adjustment upon the occurrence of certain events.

The Notes are offered in offshore transactions outside the United States to certain non-U.S. persons in compliance with Regulation S under the United States Securities Act of 1933, as amended (the "Securities Act"). The Notes, the ADSs deliverable upon conversion of the Notes (if any) and the Class A ordinary shares represented thereby have not been and will not be registered under the Securities Act or any other applicable securities laws, and may not be sold or otherwise transferred except under an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with any other applicable securities laws. No public offering of the Notes, the ADSs deliverable upon conversion of the Notes (if any) and the Class A ordinary shares represented thereby is being made into the United States.

The Company intends to use the net proceeds from the Notes Offering for the capital investment in wholesale IDC projects, working capital and general corporate purposes.

This press release shall not constitute an offer to sell or a solicitation of an offer to purchase any securities, nor shall there be a sale of the securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful.
